MEMORANDUM FOR THE CHAIRMAN, DCI SECURITY COMMITTEE

SUBJECT: SECOM Charter

1. Reference your 23 March 1982 memorandum, SECOM-D-104, same subject. I generally concur in the proposed draft of DCID 1/11. However, I recommend sentence two of paragraph four be amended to read as follows: "The members of the Committee will be representatives designated by Senior Officials of the Intelligence Community, as defined in Executive Order 12333." This recommendation has been made to your staff and provides parameters of membership within existing national policy.

2. Additionally, I note among the topics listed in subparagraph 2.b. that are addressed by components of the SECOM, only security education and awareness is left to a working group. I, therefore, recommend that the Security Awareness Working Group be upgraded to permanent subcommittee status.

- b. Your memo (SECOM-D-157), 23 Apr 82, SECOM Charter, paragraph e.

2. In the interest of moving promptly on republishing the SECOM charter, I recommend that the wording in paragraph 2b(2) of the 23 March 1982 draft be retained. I do not find this wording troublesome and, as you note, if the White House directs stronger measures to prevent disclosures, the SECOM charter can be changed as needed. The extant wording is also consistent with the other 2b subparagraphs in style and brevity.

[] OSD member of SECOM, called 19 Apr 1982 to advise as follows re draft revision of SECOM charter:

a. Concerning paragraph 2b(2) of the draft, he can't concur in SECOM establishing procedures for leak investigations, as procedures are internal departmental "how to" matters. He suggests changing this to read policies, as such are within the DCI's purview.

b. Annex of "how to" manuals - he suggests reformatting to distinguish the sub-heading from the list of manuals and guides.

Ref: (a) SECOM-D-104 memo of 23 Mar 1982

1. As requested by reference (a), the draft revision of the SECOM charter has been reviewed with favor. I find the approach to this revision acceptable.

2. The list of attachments (Implementing, Guidelines and Procedures) should include: "Minimum Standards for Security Awareness Programs in the U.S. Intelligence Community". It is also recommended that at some future date the attachments should be consolidated into four basic groupings as follows:

- a. Uniform Procedures for Administrative Handling.
- b. Physical Security Standards.
- c. Computer Security.
- d. Personnel Security Standards.

Dear [redacted]

STAT

In response to the request contained in your memorandum, SECOM-D-157, dated April 23, 1982, the following is submitted.

Upon reviewing the draft revision of the SECOM charter and specifically the question raised concerning the interpretation of section 2.b(2), SECOM functions in investigations of unauthorized disclosures of classified intelligence, my thoughts on the subject are that we in the intelligence community should adhere to the proposed draft revision for the present time. We always have the option to change the SECOM charter in the future, as needed to address stronger measures to prevent unauthorized disclosures.

If there are any further questions on the draft revision of the SECOM charter, please do not hesitate to contact me.

Sincerely,
